

Welcome to Seeds of Literacy's Video Lessons

Phone & Tablet Instructions

Seeds of Literacy is offering live video lessons with tutors. You can watch a live tutor talk about important subjects. The live lessons will follow the normal class schedule. Our website has a full list of **Video Lessons** and when they will happen. You can also watch **Recorded Lessons** if you were not able to watch it live. Both are on the Student Resource page:

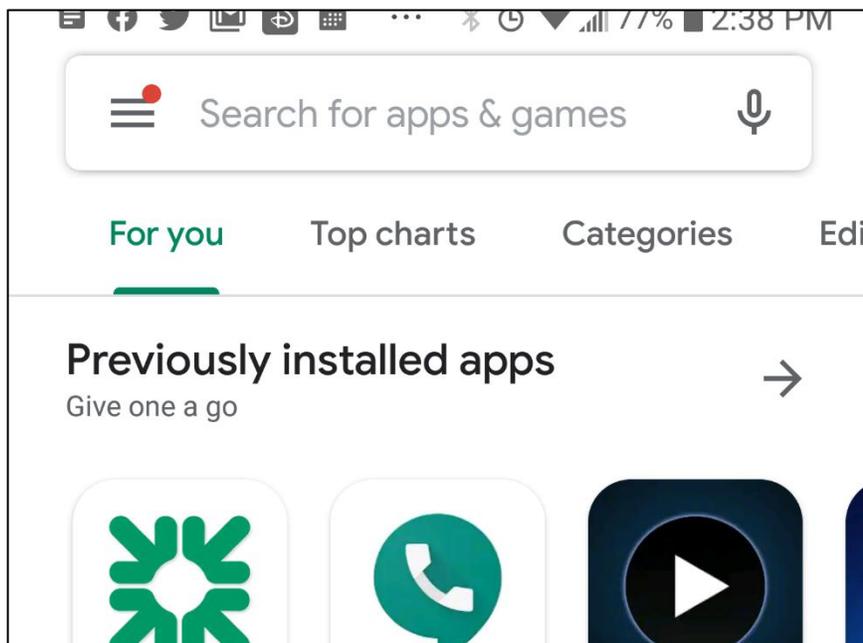

www.seedsofliteracy.org/current-student-resources/student-resources/

To watch the lessons live, you need to download an app called **GoToMeeting**. Once it is on your phone, tablet, or computer, all you need to do is turn it on at the right time and enter the class code.

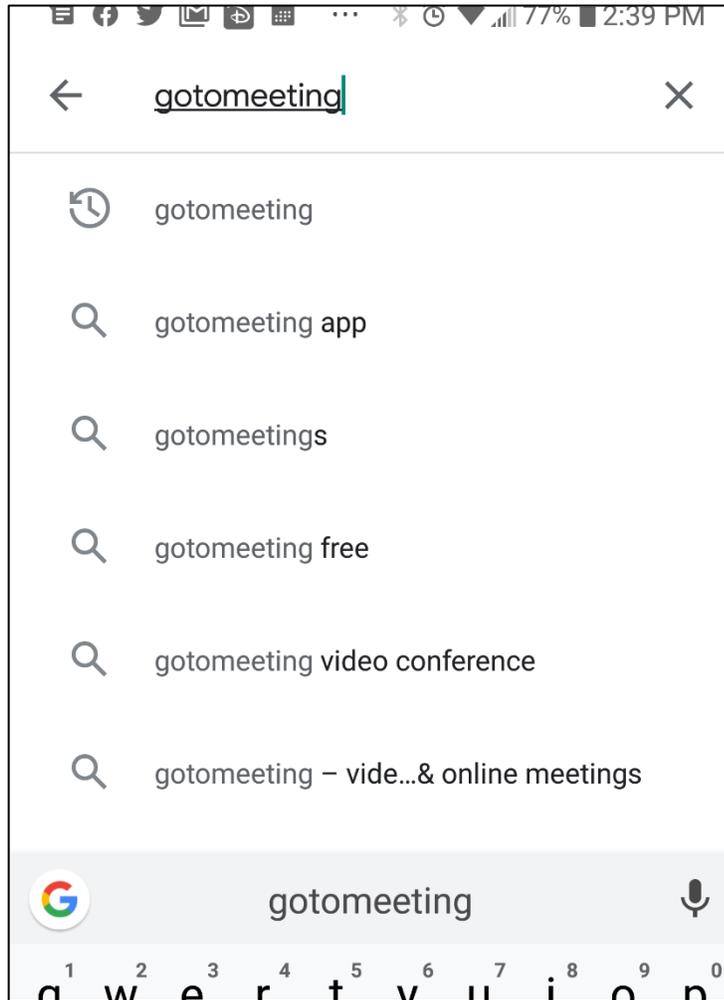

To use it on your phone or tablet, you need to download the app. It is free.

Don't wait until the last minute! The app takes several minutes to download and install, so you should do that ahead of time.

Go to your **App Store** (on Android phones, this is called **Google Play**)

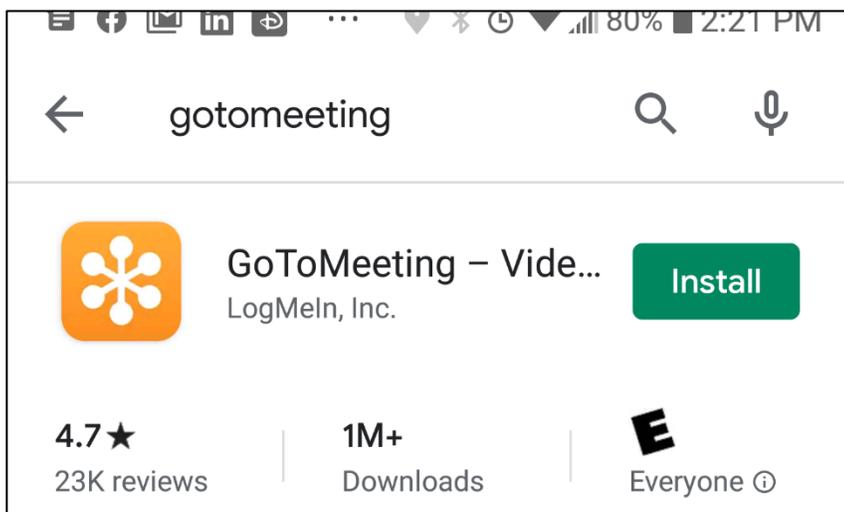

In the search bar, type **gotomeeting**

Then hit search (the button probably looks like this)

Look for the app titled **GoToMeeting**.

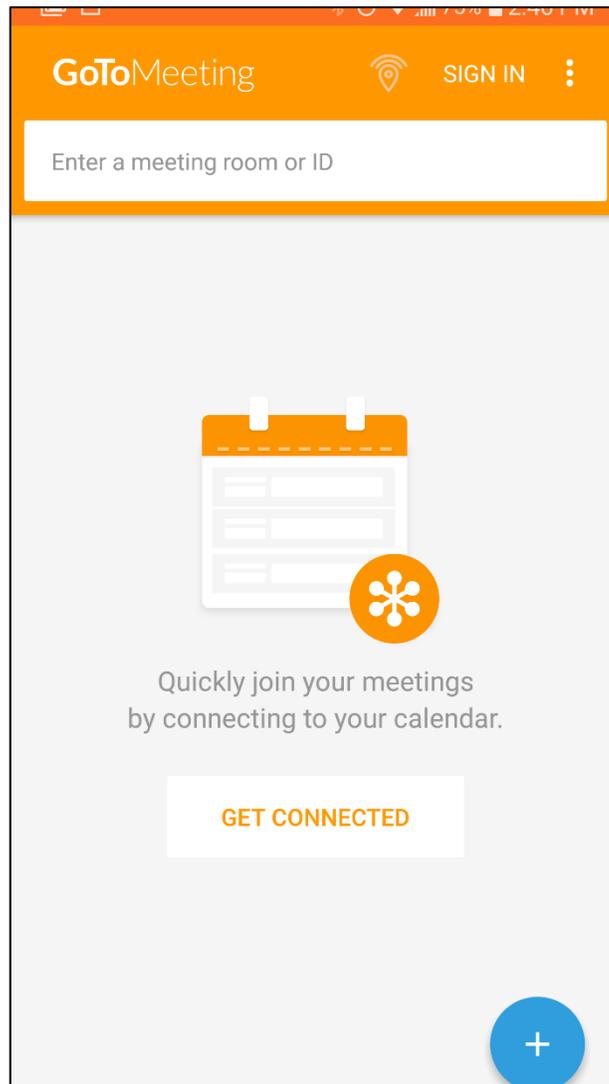

Press **install** to put the program on your tablet or phone. If you are using an iPhone, you may have to type in your password.

When the app downloads, tap the **icon**. This will open GoToMeeting.

The app will ask you to use your camera and microphone. You will need to give it permission to run the app.

When the app opens, there will be a place at the top where you can type “meeting room or ID.”

Type the ID number of the video class that you want to join. This should be on the lesson schedule.

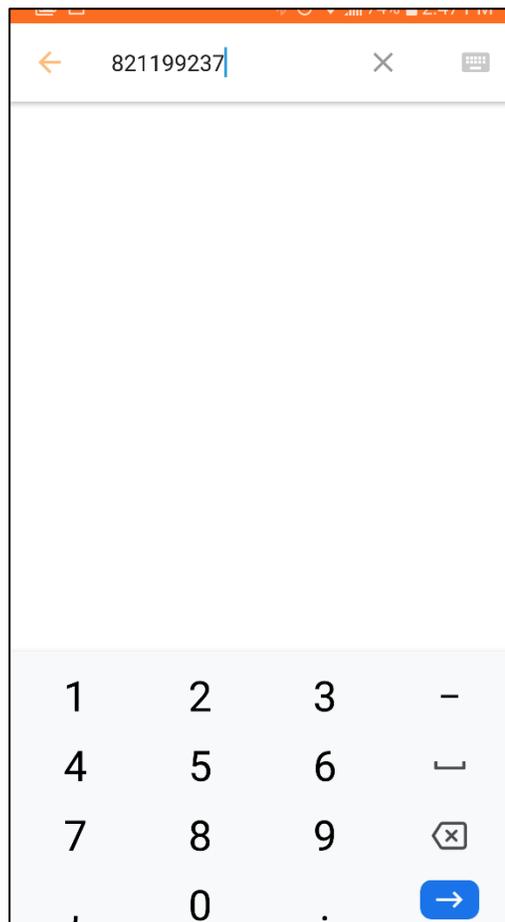

The lesson schedule is on the Seeds of Literacy website.

To find it, click where it says **Current Students**.

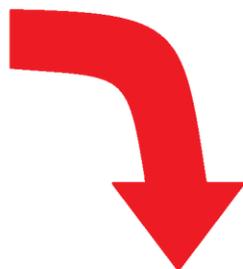

Then, click on **Student Resources**.

The schedule for video lessons will be on the **Video Lessons** page.

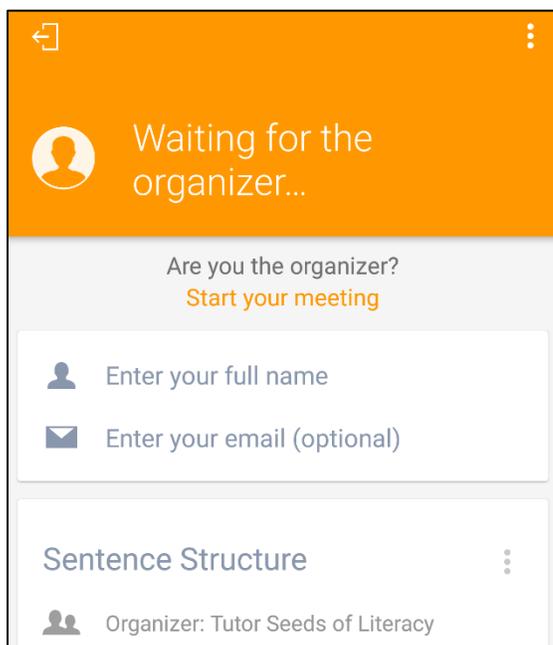

The lesson ID number will be listed by each individual lesson.

page

When the lesson begins, you will have several options. There will be a red circle with a microphone at the bottom of the screen. This button turns your microphone on and off. **Please leave this turned off** unless the tutor asks you to turn it on.

page

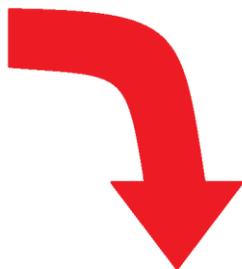

If you want to ask questions during the class, tap your finger on the **word balloon** icon at the top of the screen. It looks like this:

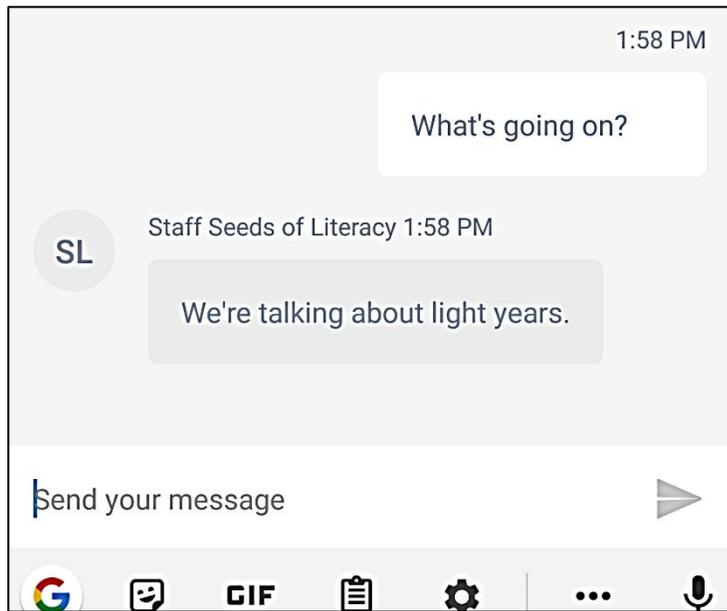

This will let you type a question. Choose **Everyone** so that all the people can see your question.

page

Type your question and click the small arrow on the right side of your screen to post your question. The tutors will answer them as best they can.

When you want to leave the lesson, click the **hang-up icon**. It is on the bottom-right corner of your screen:
